SOUTHWEST MONTANA

Randy often hunts with his llama to take the weight from his back and maximize days in the mountains. The EBS is built to ride with it's packable and lightweight carrying case.

EXCHANGEABLE BLADE SYSTEM

Going into a hunt, there's good weight and there's bad weight. Good weight is balanced by its versatility and flexibility to operate on the fly. Good weight is also known as the EBS, pulling triple duty to ensure every ounce is accounted for.

CLEAVER 2.0

| A commanding blade shape that induces serious envy, the cleaver has evolved from a humble cooking and utility tool to a stylish, everyday carry option.

NEW FLATIRON | MICARTA

A dense laminate composite material, Micarta provides a textured grip that can handle anything you throw at it. This version also packs a punch in the blade department with the addition of premium D2 steel.

NEW FLATIRON | G-10

Similar to Micarta, G-10 is woven fiberglass soaked in resin and then heated. It provides a lightweight yet durable handle material.

FLATIRON COLLECTION | CLIP FOLDING KNIFE

The Flatiron is the everyday carry evolution of the classic cleaver blade. At home in your pocket for daily tasks, grill side for a backyard BBQ, or in a backpack for camp kitchen chores, this knife crushes the competition on style and utility. Because easy doesn't do just one thing well.

UPPER DESCHUTES RIVER, OR

Spend less time with those pesky line management chores, and more time casting your line, setting the hook, and reaping the rewards.

MANAGE THE LINE

While it may not guarantee a catch, one thing that a day on the river can promise is that you will be tying more than your fair share of knots. The reality is that the more time you spend with your line out of the water, the less time you spend catching fish - streamline the process with the products below.

NEW LINEDRIVER | LINE MANAGEMENT MULTI-TOOL

The compact, dual-ended Linedriver has 6 essential line management functions - everything needed to simplify tying knots and handling tricky line. It includes a spinning line vise, eyelet clearing spike, hook threader, scissor snips, split shot crimper, and a tether ring.
